

THE PRAISE CONTINUES TO POUR IN FOR THE
ELECTRIC AND CRITICALLY ACCLAIMED
#1 *NEW YORK TIMES* BESTSELLER

“Provocative. . . .
Worth your time.”

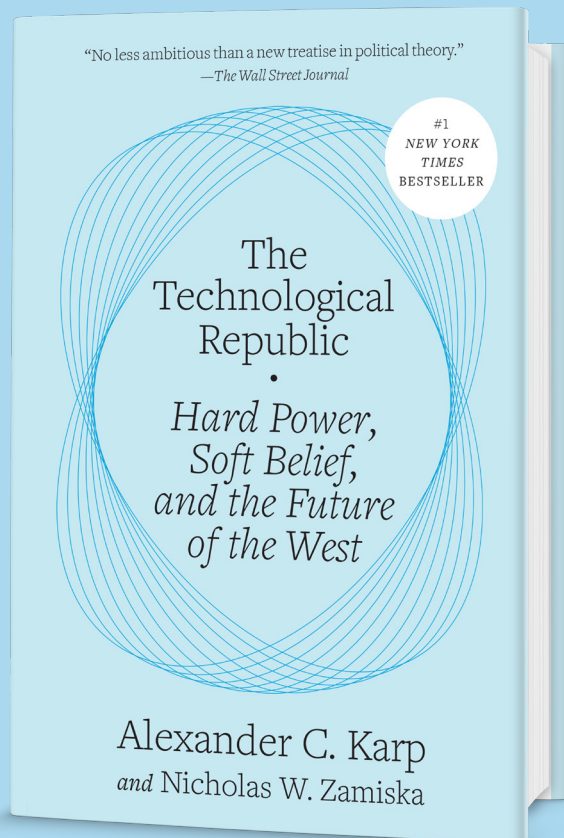

—Edith Chapin, Editor in Chief,
National Public Radio

“Not since Allan Bloom’s
astonishingly successful
1987 book *The Closing of
the American Mind* . . . has
there been a cultural
critique as sweeping.”

—George F. Will, *Washington Post*
columnist and Pulitzer
Prize winner

“No less ambitious
than a new treatise in
political theory.”

—*The Wall Street Journal*

“*The Technological Republic* provides a
fascinating, if at times
disturbing, insight into
the reassertion of
U.S. hard power.”

—*The Financial Times*

“As clear and bracing
as reveille.”

—*The Washington Post*

“Ambitious, dense,
cultured. . . . This book is
intelligent. It is even, in
places, brilliant.”

—Frédéric Gaven

“This is a surprising book. It is nuanced and provocative. Even the most ardent pacifist should consider the arguments in it.” —Paschal Donohoe, *The Irish Times*
